School Improvement Grant (1003g) 2013-2014

LEA School Application: Priority

**The LEA must complete this form for *each* Priority school
applying for a school improvement grant.**

School Corporation ____Indianapolis Public Schools____ Number: 5385

School Name: Northwest Community High School

After completing the analysis of school needs and entering into the decision-making process in this application, reach consensus as to the school intervention (improvement) model to be used and place a checkmark below:

☐ Turnaround

☐ Restart

☒ Transformation

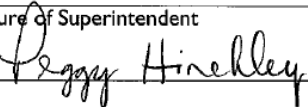

☐ Closure

- ➔ Complete and submit this form one time only.
- ➔ Complete a second form, "Priority Application" for each school applying for a school improvement grant.

I. Schools to be Served by LEA

Instructions:

- 1) Using the list of Priority schools provided by the IDOE, complete the information below, for all priority schools in the LEA typing in the school name and grade span (e.g., K-5, 6-8, 9-12, 6-12, etc.).
- 2) Place an "X" indicating priority and the school improvement model (intervention) selected, based on the "School Needs Assessment" conducted by the LEA. (Add cells to the table as needed to add more schools.)

School Name	Grade Span	Priority	Based on the "School Needs Assessment" tool, the LEA has determined this model for the school

2. Explanation if LEA is NOT Applying to serve Each Priority School

- ☐ We will serve all of our Priority schools.
- ☒ We believe we do not have the capacity to serve all of the Priority schools. Our explanation for why is provided below.

Washington Irving #14 ~ New principal placed for 2013-2014/ The district will continue to support by providing school improvement coaches and targeted support from Curriculum & Instructional Accountability Division and the school's elementary director

Riverside #44 ~ New principal placed for 2013-2014/ The district will continue to support by providing school improvement coaches and targeted support from Curriculum & Instructional Accountability Division and the school's elementary director

Francis Scott Key #103 ~ New principal placed for 2013-2014/ The district will continue to support by providing school improvement coaches and targeted support from Curriculum & Instructional Accountability Division and the school's elementary director

Anna Brouchhausen #88 ~ New principal placed for 2013-2014/ The district will continue to support by providing school improvement coaches and targeted support from Curriculum & Instructional Accountability Division and the school's elementary director

Clarence Farrington #61 ~ New principal placed Jan. 2013/ school will be reconstituted for 2013-2014 school year/ the school is demonstrating incremental improvements; The district will continue to support by providing school improvement coaches and targeted support from Curriculum & Instructional Accountability Division and the school's elementary director

George Buck #94 ~ New principal recently put into place/School was going to be dissolved but will remain for the 2013-2014 school year/ The district will continue to support by providing school improvement coaches and targeted support from Curriculum & Instructional Accountability Division and the school's elementary director

William McKinley #39 ~ New principal placed for 2013-2014/ The district will continue to support by providing school improvement coaches and targeted support from Curriculum & Instructional Accountability Division and the school's elementary director

Ralph Waldo Emerson #58 ~ This school will not be participating in the grant due to a lack in principal change which is a failure to meet all Transformation requirements.

Louis B. Russell #48 ~ This school will not be participating in the grant due to a lack in principal change which is a failure to meet all Transformation requirements.

George Fisher #93 ~ This school will not be participating in the grant due to a lack in principal change which is a failure to meet all Transformation requirements.

Floro Torrence #83 ~ This school will not be participating in the grant due to a lack in principal change which is a failure to meet all Transformation requirements.

Elder Diggs #42 ~ This school will not be participating in the grant due to a lack in principal change which is a failure to meet all Transformation requirements.

Charles Fairbanks #105 ~ This school will not be participating in the grant due to a lack in principal change which is a failure to meet all Transformation requirements.

Brookside #54 ~ This school will not be participating in the grant due to a lack in principal change which is a failure to meet all Transformation requirements.

3. Consultation with Stakeholders

Instructions:

- Consider the stakeholder groups that need to be consulted regarding the LEA's intent to implement a new school improvement model.
- Include the stakeholders (e.g., parents, community organizations) as early on as possible.
- Provide the name of the school and then the stakeholder group, type of communication (e.g., meeting, letter) and the date occurred. (Individual names are not needed*).

School Name: Northwest School Number: 5385

Stakeholder Group	Mode of Communication	Date
Business Finance Committee	Monthly Meetings – Afterschool	May 2013 June 2013
Teachers	Staff Meetings – After School (Monthly) and PLC's (Weekly)	May 2013 June 2013
Students	Grade Level Meetings (7-12) – Throughout day (Monthly)	May 2103 June 2013
Parents	Monthly Meetings – Before and/or Afterschool	May 2013 June 2013

D. Collaboration with Teachers' Unions

Several of the school improvement models require the agreement of the teachers' unions to ensure that all of the models' components are fully implemented. For example, one component of the transformation model is an alignment of teacher evaluations to student achievement growth.

The LEA must submit letters from the teachers' unions with its application indicating its agreement to fully participate in all components of the school improvement model selected.

Attached in Appendices

Assurances

Indianapolis Public Schools/ Northwest Community High School assure that it will:

- X (1) Use its School Improvement Grant to implement fully and effectively an intervention in each Priority or Tier I and Tier II school that the LEA commits to serve consistent with the final requirements;
- X (2) Establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final requirements in order to monitor each Priority or Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the SEA) to hold accountable its Tier III schools that receive school improvement funds;
- N/A (3) If it implements a restart model in a Priority, Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization, or education management organization accountable for complying with the final requirements;
- X (4) Monitor and evaluate the actions a school has taken, as outlined in the approved SIG application, to recruit, select and provide oversight to external providers to ensure their quality;
- X (5) Monitor and evaluate the actions schools have taken, as outlined in the approved SIG application, to sustain the reforms after the funding period ends and that it will provide technical assistance to schools on how they can sustain progress in the absence of SIG funding; and

- X (6) Report to the SEA the school-level data required under section III of the final requirements.

Waivers

The LEA must check each waiver that the LEA will implement. If the LEA does not intend to implement the waiver with respect to each applicable school, the LEA must indicate for which schools it will implement the waiver.

- ☐ “Starting over” in the school improvement timeline for Priority Title I participating schools implementing a turnaround or restart model.
- ☐ Implementing a school wide program in a Priority Title I participating school that does meet the 40 percent poverty eligibility threshold.

A. LEA Analysis of School Needs

➤Instructions:

- 1) With an LEA improvement team that includes staff from the school, complete the two worksheets on the following pages “Analysis of Student and School Data” and “Self-Assessment of High-poverty, High-performing Schools.”
- 2) Develop findings from the data - short phrases and sentences that indicate the facts revealed by the data.
- 3) Complete a root cause analysis of the findings - the underlying reason for the finding.
- 4) Consider overall the meaning of the data, the findings, and the root cause analysis in terms of student, teachers, and the principal and school needs.

Worksheet #1B: Student Leading Indicators for 2011-2012 and 2012-2013

Worksheet #2: Self-Assessment of Practices of High-Poverty, High Performing Schools

Worksheet #1: Analysis of Student and School Data

➤ Instructions:

- Complete the table below for available student groups (American Native, Asian, Black, Hispanic, White, Free/Reduced Lunch, Limited English Proficient and Special Education) that did *not* pass in English/language arts and/or mathematics for 2011-2012.
- For LEA data, see the IDOE web site: <http://compass.doe.in.gov/dashboard/overview.aspx>.

Student groups (list groups below)	% of this group not passing	# of students in this group not passing	How severe is this group's failure in comparison to the school's rate?	How unique are the learning needs of this group? (high, medium, low)
---------------------------------------	--------------------------------------	--	---	--

English/Language Arts

Example: LEP	75%	52	High - have been in U.S. 3 or more years	High - no prior formal schooling; from non-Western culture
Overall	74.2%	365	High – Majority of school population	High – High mobility rates, High ENL population including 27 different languages with minimal exposure to formal schooling. Interventions and intentionality of instruction limited.
Black	75.2%	228	High – Majority of school population	High – SRI scores indicate the comprehension skills are slowly increasing.
Hispanic	76.2%	80	High – Large fluid population of students who have not been in the country for a year. With multiple language barriers not English or Spanish.	High – English is 2 nd language for majority with deficiencies in formal native language as well. Minimal exposure to formal schooling. Interventions and intentionality of instruction limited.

White	61.5%	32	Medium – high mobility rates, poor attendance	Medium – needs motivation to be in school and attend classes as well as actively engage in learning
Multiracial	69.6%	16	Medium – high mobility rates, poor attendance	Medium – needs motivation to be in school and attend classes as well as actively engage in learning
Free & Reduced	73.9%	332	High – increased school population and mobility rate	High – SRI scores indicate the comprehension skills are slowly increasing, yet time management and student ownership is problematic.
Special Ed.	88.3%	98	High –increased school population, lack of high-qualified support.	High – targeted inventions are not always implemented or monitored with fidelity due to lack on instructional support.
LEP	89.6%	69	High – Large fluid population of students who have not been in the country for a year. With multiple language barriers not English or Spanish.	High – English is 2 nd language for majority with deficiencies in formal native language as well. Minimal exposure to formal schooling. Interventions and intentionality of instruction limited.

Mathematics

Overall	64.9%	325	High – Majority of school population	High – High mobility rates, High ENL population including 27 different languages with minimal exposure to formal schooling. Interventions and intentionality of instruction limited.
Black	67.7%	205	High – Majority of school population	High – SRI scores indicate reading comprehension is slowly increasing relative to math problem solving.
Hispanic	60.2%	65	High – Large fluid population of students who have not been in the country for a year. With multiple language barriers not English or Spanish.	High – English is 2 nd language for majority with deficiencies in formal native language as well. Minimal exposure to formal schooling. Interventions and intentionality of instruction limited.
White	55.6%	30	Medium – high mobility rates, poor	Medium – needs motivation to be in

			attendance	school and attend classes as well as actively engage in learning.
Multiracial	59.1%	13	Medium – high mobility rates, poor attendance	Medium – needs motivation to be in school and attend classes as well as actively engage in learning.
Free & Reduced	64.3%	295	High – below state performance	High - % increasing minimally each year but not enough to close the gap. Targeted interventions lacking for these students.
Special Ed.	77.7%	87	High –increased school population, lack of high-qualified support.	High – targeted inventions are not always implemented or monitored with fidelity due of lack instructional support.
LEP	78.3%	65	High – Large fluid population of students who have not been in the country for a year. With multiple language barriers not English or Spanish.	High – English is 2 nd language for majority with deficiencies in formal native language as well. Minimal exposure to formal schooling. Interventions and intentionality of instruction limited.
Asian	91.7%	11	High – Large fluid population of students who have not been in the country for a year. With multiple language barriers not English or Spanish.	High - English is 2 nd language for majority with deficiencies in formal native language as well. Minimal exposure to formal schooling. Interventions and intentionality of instruction limited.

Worksheet #1B: Student Leading Indicators for 2011-2012 and 2012-2013

Student Leading Indicators

➤ **Instructions:**

- 1) Using school, student and teacher data, complete the table below
- 2) If the indicator is not applicable, such as “dropout rate” for an elementary school, write “NA” - not applicable - in the column.
- 3) Review the data and develop several key findings on the next page.

	2011-2012	2012-2013
1. Number of minutes within the school year that students are required to attend school	64800	64800

Worksheet #2: Self-Assessment of Practices High-Performing Schools

➤ Instructions:

- The following table lists the research and best practices of effective schools, especially of high-poverty, high-performing schools. These practices are embedded in the school improvement models as well.
- Using a team that knows the school well, critically consider the practices of the school and determine a score of 1-4 with four being the highest.
- As with the other previous data sources, use the scores to develop a set of key findings.

The Principal and Leadership	1	2	3	4	The Principal and Leadership
1. Spends most of the time managing the school. 2. Is rarely in the classrooms. 3. Is not knowledgeable about English/ language arts or mathematics instruction. 4. B. Selection of School Improvement Model

➤ **Instructions:** Read and discuss with the team the elements of the four school intervention models below.

Turnaround Model	Transformation Model
Required Elements	Required Elements
Adopt a new governance structure, which may include, but is not limited to, requiring the school to report to a turnaround office, hire a turnaround leader, or enter into a contract to obtain added flexibility in exchange for greater accountability.	<u>Develop Teacher and Leader Effectiveness</u> <ol style="list-style-type: none"> 1. Replace the principal who led the school prior to implementing the model. 2. Use rigorous, transparent, and equitable evaluation systems for teachers and principals that take into account data on student growth, multiple assessments, and increased graduation rates. Evaluations are developed with teacher and principal 3. Reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and H.S. graduation rates. Remove those who, after opportunities have been provided to improve, have not. 4. Provide staff ongoing, high quality, job-embedded professional development that is aligned with the instructional program and designed with school staff. 5. Implement strategies such as financial incentives, promotion, career growth, and flexible work conditions that are designed to recruit, place and retain staff.
Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards.	<u>Increasing Learning Time and Creating Community-Oriented Schools</u> <ol style="list-style-type: none"> 1. Establish schedules and implement strategies that provide increased learning time. 2. Provide ongoing mechanisms for family and community engagement.
Promote the use of student data to inform and differentiate instruction.	<u>Comprehensive Instructional Reform Strategies</u> <ol style="list-style-type: none"> 1. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards. 2. Promote the continuous use of student data to inform and differentiate instruction.
Establish schedules and implement strategies that provide increased learning time.	<u>Provide Operational Flexibility and Sustained Support</u> <ol style="list-style-type: none"> 1. Give the school sufficient operational flexibility (staffing, calendars/time and budgeting). 2. Ensure school receives ongoing, intensive technical assistance and support from the LEA, SEA, or designated external lead partner organization.
Provide appropriate social-emotional and community-oriented services and supports for students.	

Turnaround Model
<i>Permissible Elements</i>
New school model (e.g., themed, dual language academy)
Any of the required and permissible activities under the transformation model – these would be in addition to, not instead of, the actions that are required as part of a turnaround model.

Transformation Model
<i>Permissible Elements</i>
<u>Develop Teacher and Leader Effectiveness</u> <ol style="list-style-type: none"> 1. Provide additional compensation to attract and retain staff with skills necessary to meet the needs of students in a transformation model. 2. Institute a system for measuring changes in instructional practices resulting from professional development. 3. Ensure that the school is not required to accept a teacher without the mutual consent of the teacher and principal, regardless of the teacher's seniority. 4. LEAs have flexibility to develop and implement their own strategies to increase the effectiveness of teachers and school leaders. Strategies must be in addition to those that are required as part of this model.
<u>Comprehensive Instructional Reform</u> <ol style="list-style-type: none"> 1. Conduct periodic reviews to ensure that the curriculum is being implemented with fidelity. 2. Implement a school wide “response-to-intervention” model. 3. Provide additional supports to teachers and principals to implement strategies to support students with disabilities and limited English proficient students. 4. Using technology-based supports. 5. In secondary schools – <ol style="list-style-type: none"> a) increase rigor b) summer transition programs; freshman academies c) increasing graduation rates establishing early warning systems
<u>Increasing Learning Time and Creating Community-Oriented Schools</u> <ol style="list-style-type: none"> 1. Partner with parents, faith and community-based organizations, health clinics, State or local agencies to create safe environments. 2. Extend or restructure the school day to add time for such strategies as advisory periods that build relationships. 3. Implement approaches to improve school climate and discipline. 4. Expand the school program to offer full-day kindergarten or pre-kindergarten.
<u>Operational Flexibility and Sustained Support</u> <ol style="list-style-type: none"> 1. Allow school to be run under a new governance arrangement, e.g., turnaround division in the LEA. 2. Implement a per-pupil school-based budget formula that is weighted based on student needs.

Restart Model
<i>Required Elements</i>
Convert a school or close and reopen it under a charter school operator, a charter management organization or an educational management organization.
Must enroll within the grades it serves, any former student who wishes to attend.
<i>Permissible Elements</i>
May implement any of the required or permissible activities of a turnaround model or a transformation model.

School Closure Model
<i>Required Elements</i>
Close the school and enroll the students in other schools in the LEA that are higher achieving.

II. Selection of Improvement Model

Based on our findings of the three data sources, the LEA is selecting this model for this school:

☐ Turnaround

☐ Restart

☒ Transformation

☐ Closure

➤ **Instructions:** Reflect on the data, findings, root cause analysis, and self-assessment and the elements of the four improvement models. As a team, reach consensus, as to the model that is the best fit for the school and that has the greatest likelihood, when implemented, to affect principal leadership, teacher instruction, and student learning.

Intervention model selected: **Transformation**

(1) Describe how the model corresponds to the data, findings, root cause analysis and self-assessment and led to the selected model.

The key findings and underlying causes at Northwest Community High School suggest that there is a need for more professional development that is implemented consistently by classroom teachers. Professional development needs to address differentiated instruction, use of varied instructional models and technology to engage students. The implementation must be monitored by administrators and interventions provided for teachers. Low test scores indicate that an intervention model is needed to differentiate individual students' instruction and learning and to address their educational needs. Individual student data needs to be shared timely and consistently with the students to ensure equity of outcomes for students experiencing difficulty in mastering the indicators. The process for analyzing student data to find and address the gap in curriculum has been inconsistent. Data is analyzed; however, implementation of instruction has not been effective. Most teachers don't develop lesson plans based on formative or summative data but on standards only. Whole group class instruction is the norm, whereby, differentiated instruction must be consistently implemented for every student to successfully achieve state and district academic goals. The lack of consistently differentiating instruction has resulted in low test scores.

Findings from Student and School Data results and Root Causes—in addition to information gained through the Self-Assessment of Practices in High-Performing Schools survey, the school's Leading Indicators data and Root Causes led to our decision to select the TRANSFORMATION MODEL. The transformation model will examine practices/strategies that will increase and sustain student academic achievement within a one to three year period of time.

ELEMENTS OF THE TRANSFORMATION MODEL:

1. Develop Teacher & Leader Effectiveness—REPLACE THE PRINCIPAL

The principal for Northwest Community High School (7-12), Mrs. Phyllis Barnes, was selected by the superintendent in 2011-2012 based on her instructional leadership and excellence in the area of instructional supervision and evaluation. Mrs. Barnes has been a secondary administrator for 20 years and has earned recognition for her ability to observe instruction and accurately determine the level of proficiency of the teacher and to have the courage to facilitate the instructional conversation in order to move their instruction to a level that has increased student achievement. Mrs. Barnes has demonstrated in each of her administrative assignments the ability to develop teacher leaders and to bring educators and community together to improve the instructional opportunities for the students of her school.

2. Develop Teacher & Leader Effectiveness—RIGOROUS, TRANSPARENT, AND EQUITABLE EVALUATION SYSTEM

Beginning in the 2012-2013 academic year, the Indianapolis Public Schools implemented the Indiana Department of Education's new evaluation model and development system, **RISE**. **RISE** provides for IPS teachers to receive the meaningful feedback and support they need to grow professionally, and ensures Indiana students have teachers who will help them grow academically. **RISE** brings principals and teachers together in a common mission of developing, supporting, and recognizing excellent teaching.

(Information from: www.riseindiana.org)

The **RISE** model complies with Senate Enrolled Act 1 states that evaluations must:

- **Be annual:** Every teacher, regardless of experience, deserves meaningful feedback on their performance on an annual basis.
- **Include Student Growth Data:** Evaluations should be student-focused. First and foremost, an effective teacher helps students make academic progress. A thorough evaluation system includes multiple measures of teacher performance and growth data must be one of the key measures.
- **Include Four Rating Categories:** To retain our best teachers, we need a process that can truly differentiate our best educators and give them the recognition they deserve. If we want all teachers to perform at the highest level, we need to know which individuals are achieving the greatest success and give support to those who are new or struggling.

The administrators at Northwest Community High School attended four (4) ½ day trainings (scheduled in May 2013) and one (1) full day training (scheduled in July 2013) to receive a certificate of training completion. They will attend a (1) day training in July 2013 to calibrate classroom observations using the **RISE** rubrics for Teacher Effectiveness. Teacher understanding of the **RISE** evaluation and development system started in the spring of 2012 with information disseminated at principals' meetings. Deeper and more complex training will take place in the summer of 2013 and at the beginning of the 2013-2014 academic years.

3. Develop Teacher & Leader Effectiveness—REWARDING OF SCHOOL LEADERS/TEACHERS/OTHER STAFF

The process to be used to identify and reward school administrators/ instructional staff will begin with data collection as it pertains to:

- student performance;
- high quality informal walkthroughs;
- utilization of formative and summative assessments;
- growth in student data based on interim assessments;
- leadership capacity;
- implementation of career and college readiness;
- personal implementation of his/her professional growth plan;
- RISE Evaluation System (administrators & instructional staff);
- IPS Evaluation System (non-instructional staff).

Lead teachers will earn a stipend.

4. Develop Teacher & Leader Effectiveness—HIGH QUALITY, JOB-EMBEDDED PROFESSIONAL DEVELOPMENT

To design and deploy effective and sustainable job-embedded professional development, staff will collaborate with A2Z Educational Consultants. A2Z will work closely with the administrative team, Business Finance Coordinator, and instructional staff at Northwest Community High School to create a school culture of collaboration and a community of learners through the PLC process and after school professional development academies. A2Z Educational Consultants and Instructional Coaches provided through the SIG will provide professional development leadership to the school through planning of activities that promote reflective practice. In addition, sessions will be planned that empower teachers to commit to their continuing development to enhance classroom strategies that will impact instruction.

The goal of the school is to develop a strong cultural identity consistent with the core value of improving student achievement. A2Z will work with teachers to be presenters and administrators will encourage the growth of teachers as leaders. Clearly, the use of teachers as leaders in professional development will provide benefits to improve collaboration and climate, as well as instructional effectiveness.

Furthermore, A2Z and Northwest Community High School will provide school-wide professional development to improve instruction with on-site (daily) instructional coaching. They will work with the staff in building routines and procedures and can ensure that learning continues to grow in the classroom.

The SIG grant will allow us to hire a Project Manager to provide clerical support, assist with assessment and data reports, coordinate professional development, and prepare documents and schedules to meet federal, state, and local guidelines.

SIG funding will permit teachers to be paid stipends for curricular work to be performed during Intersessions, Summer Sessions, or extended day programs.

Northwest Community High School has very limited technology and students will need a digital device to be able to access online research sites and collaborate to complete projects. Teachers will require training to support in-class use of digital devices and integrate technology in classroom instruction.

5. Develop Teacher & Leader Effectiveness—FINANCIAL INCENTIVES/PROMOTION/CAREER GROWTH/FLEXIBLE WORK CONDITIONS

This School Improvement Grant provides the opportunity for effective teachers to be identified as a “teacher leader”. Identified teacher leaders at Northwest will form the Teacher Leadership Team for the 2013-2014 academic year. The Teacher Leadership Team members will be teachers that have a practical perspective of the needs of the school that transcend the knowledge of an outside expert. Their duties will include engaging in collaborative decision making and problem solving with their colleagues to support students’ learning and well-being. These leadership opportunities for growth will lead to improved student achievement.

Bi-weekly meetings will be required and lead teachers and coaches will provide teachers with opportunities to develop professional development plans and match teachers’ needs to professional development sessions that are planned. Teacher leaders will receive a stipend.

Additionally, NWCHS and the IPS Curriculum & Instructional Accountability Division will support issues and concerns from new teachers and newly hired teachers. An orientation program will include differentiated support for teachers who have been in the profession between one and five years. Content specific support will be available by the Curriculum & Instructional Accountability Division.

6. Increasing Learning Time and Creating Community-Oriented Schools— INCREASED LEARNING TIME

To truly accelerate learning for students who are far behind and for whom non-academic challenges are prevalent requires more time—with intense, targeted interventions provided by highly-effective instructors. Extended-time learning opportunities for students at Northwest Community High School will consist of the following format:

- Extended Day—Four (4) times per week
- Two - One Week Intersessions
- Summer School

- 30 minutes before school

Only highly-effective teachers will be selected to provide extended-time learning opportunities for students. Those meeting selection criteria will be paid to provide (a) after-school instruction; and/or (b) during the additional balanced Calendar Intersession school days, and (c) Saturday Academies. Teachers will be recruited for a variety of roles: Content Teachers (E/LA and Mathematics), Special Populations Teachers (ELL and Special Education), or Reading Specialists. Based on students' performance on formative assessments (Scrimmages and Diagnostic Acuity Benchmarks) and classroom performance, students will be required to attend the after-school program for tutoring in English/Language Arts and Mathematics. For students at NWCHS, this support will be in addition to the targeted assistance received daily during the 8-Step Process "success" period. A key element of the 8-Step Process is the continuous use of data to determine which students have mastered content covered over a period of time, and which students need additional support.

During bi-monthly "Learning Log" meetings (part of the 8-Step Process), teacher teams will review the results of formative assessments (Scrimmages & Diagnostic Benchmarks) to: (a) determine how students performed and their specific areas of strengths and weaknesses; (b) identify classrooms where overall performance was strong and share the effective practices that influenced those results; (c) problem-solve instructional and student-specific issues; and (d) re-group students for additional support—remedial or enrichment during scheduled 30-minute "success" periods.

Beginning after the first Scrimmage results are available, the increased learning time academic support program will operate from 2:30-4:30 p.m., Monday through Thursday for 27 weeks.

- SIG monies have been budgeted to support 11 teachers for Academic Support: 4 E/LA, 4 Math, 2 Special Education and 1 English Language Learner
- Students will convene in a central location to sign-in for after-school programs and then be escorted by their assigned instructor to a classroom for tutoring
- Transportation home following the extended-time learning will be provided to students participating in the program

Balanced Calendar Intersessions: Additional Days Added to the School Year

Saturday Academy will be an Option for Students who work during the Week: The same services that will offered during the week will be provided.

7. Increasing Learning Time and Creating Community-Oriented Schools—FAMILY AND COMMUNITY ENGAGEMENT

Engage students in community outreach efforts—Involving Family and Community Engagement:

Establish Pioneer Space Cadet Student Leadership/Student Government: Students will vote for their representative from each grade level. The student leadership team will work with teachers and the community to have a “voice” in school policy, events, academic mission, etc.

- Bi-monthly meetings before/after school
- Students will be trained by Peace Learning Center
- Pioneer Space Cadets will work closely with Administration to plan for school improvement.
- Leadership Training Ongoing

8. Comprehensive Instructional Reform Strategies—EXTERNAL PROVIDER

A2Z EDUCATIONAL CONSULTANTS INC. is a corporation that provides research based educational consulting services to districts, schools and other educational agencies. We believe organizations become successful through the collective efforts of individuals. We also believe teachers and administrators are the key to academic success for all students. We, therefore, provide services to all levels of the organization from the classroom, grade level and/or department to the school and the district. The Associates at A2Z show commitment to “maximum growth for every student” by assisting districts and school sites in their efforts to support the teaching and learning process through improved teacher quality and student engagement.

A2Z employs a variety of Associates and consultants in order to meet the needs of schools and districts. The A2Z Team includes a former superintendent, assistant superintendent of curriculum and instruction, former university faculty both in the Teacher Education and Educational Leadership Departments, site administrators, instructional coaches and teachers.

What We Do

Associates have extensive experience **supporting low performing schools** and have served as external entities and support providers for Program Improvement Schools, SAIT Schools, Immediate Intervention and Underperforming Schools Program (IIUSP), and High Priority Schools. As support providers, we have facilitated diverse groups in over 50 schools and /or districts. A2Z is also an approved DAIT provider in California.

Associates also involve school staffs, site planning teams, instructional coaches, administrators and district staffs in a cycle of inquiry focused on improving student achievement. This process includes the following:

- Analyzing data,
- Analyzing district, school and/or classroom practices,
- Reviewing and analyzing Common Core State Standards
- Implementing stakeholder focus groups,

- Agreeing on strategies and actions for improving student achievement and
- Monitoring the implementation of those strategies and actions.

The A2Z Team has assisted CA districts and schools to achieve sustained improvement in the following specific areas (including the nine Essential Program Components):

District	School / Other	Focus Area(s)
Alameda USD	Superintendent's Cabinet Elem. Middle & High schools	District-wide Equity and Excellence

- Schools A2Z worked with from 2005-2008
- Schools A2Z Educational Consultants worked with in 2007-08 **only**

A2Z Associates are familiar with Common Core State Standards, research based reform practices, adopted textbooks and materials, and many resources and intervention programs. They are particularly adept at guiding staff decisions toward the next steps needed to maximize student growth in order to meet or exceed state targets. During this collaborative process, the Associates, along with the staff and leadership, identify specific areas of focus in English and language arts, mathematics, and other content areas, while developing specific strategies to remove barriers and to improve school-wide and sub-group student academic achievement.

At A2Z, we believe the first step in securing commitments from the school or district staff is to include staff in the study and analysis of multiple sources of data. The primary data sources utilized by A2Z consists of disaggregated state summative assessment data, formative assessment data, classroom and school observations, staff interviews, stakeholder surveys and focus groups. During this process, the facilitator poses difficult questions to promote reflection and analysis, develops consensus regarding common outcomes, shares research based information and assists staff to develop options for implementation. Finally, A2Z Associates establish professional credibility while developing a rapport with staff, which we believe is essential to securing the commitments required for successful implementation.

Associates provide **facilitation, strategic and creative planning services** that include techniques in meeting styles, decision-making methods, facilitative attitudes, problem solving methods and tools, as well as strategies for reaching consensus. We believe that establishing a trusting atmosphere where norms are agreed to and followed enhance the probability of reaching positive outcomes.

Professional development services for teachers, site administrators and other school and district leaders is a hallmark for A2Z. Professional Development content area workshops are designed to increase understanding of content indicators, provide strategies for use with a diverse group of students, and support the effective use of state adopted instructional materials in English Language Arts, Mathematics and other core areas.

A2Z lesson plan development based on state standards and aligned with district pacing guides is provided in both English language arts and mathematics. Lesson plans are developed using district adopted/selected instructional materials and various lesson design formats but primarily utilizing the direct instruction lesson design. Teachers are provided comprehensive lesson plans, student handouts and all supplementary material needed to implement the plan. Plans include recommendations for differentiation and re-teaching.

A2Z Associates offer a number of **workshop series** including one entitled *Coaching For Results*, developed from the research of Lucy West, Acheson & Gall and Costa & Garmston. Coaching for Results is designed to train coaches, teacher leaders, and administrators in a coaching process that focuses on equity and student achievement results. Another workshop entitled *The Equity Walk Protocol* focuses on viewing school and classroom practices through an equity lens and securing commitments from staff to engage in courageous conversations about equity data and its impact on student achievement. As Associates encounter strategy needs, they draw from the research of Schmoker, Marzano, Tomlinson, Delpit and Stiggins and others in order to support teachers as they modify their professional practice to meet student needs.

All STAFF RETREAT: Building a Culture of Achievement

The goal of the *All Staff Retreat* is to help all staff review and analyze student achievement data, develop standards-based goals and objectives; to reflect on the current school culture; review instructional strategies and best practices and to focus on creating a *culture of achievement* among students, teachers, support staff and administration.

School mission statements regularly promise to close the achievement gap and tout the belief that “All Kids Can Learn”. Those words have become a universally accepted, politically correct belief statement without providing a literal focus for staff attitudes, behaviors or practices.

During retreat sessions the staff will come to grips with their beliefs, practices and current results as well as, engage in an analysis of the following questions:

- ◆ What school characteristics, structures and practices have been most successful in helping all students achieve at high levels?
- ◆ How can we adopt and implement those characteristics, structures and practices?
- ◆ What commitments would we have to make to one another to achieve success?
- ◆ What indicators could we monitor to assess our progress?

When the entire staff has gained knowledge, shared positive and negative results, and found common ground on the above questions, they will be able to build a foundation for moving forward.

We believe that when all adults in a school take the “All Kids Can Learn” statement literally—when teachers, support staff and administrators view it as a pledge to ensure the success of each student, profound changes begin to take place and the *culture of achievement* is established.

MATHEMATICS

A2Z believes that **all students** are capable of learning mathematics and learning it well. To ensure that students not only will develop fluency in computational skills but also will be able to understand mathematical concepts, solve problems, find solutions, reason mathematically, and communicate with precision, A2Z has employed a nationally recognized math expert. A2Z's Math expert will work alongside teachers of mathematics as they instruct students who arrive ready to master grade skills and to also effectively instruct those students who are still struggling to master prerequisite skills and standards for earlier grade levels.

Sample Mathematics Content

- ◆ Math Common Core State Standards
- ◆ Essential math concepts for each grade level
- ◆ Algebra and functions throughout the grade levels
- ◆ Mastering Algebra I in the 8th grade
- ◆ Identifying rigor in math lessons
- ◆ Identifiable barriers to student learning
- ◆ Helping teachers to pursue successful mathematics achievement for every student.
- ◆ Understanding school level assessment data and formulating successful strategies
- ◆ Strategies for passing the High School Exit Exam
- ◆ Effective approaches for engaging in “Courageous Conversation”

ENGLISH LANGUAGE ARTS (ELA)

The ability to communicate is a goal that all parents and teachers have for their children. The English–language arts curriculum consist of four important communication processes: reading, writing, speaking, and listening. It is important for all students to develop a strong foundation in language skills because competency in oral and written language leads to further learning in all other content areas.

A2Z contracts with several Associates who work exclusively in the area of English Language Arts. A2Z’s English Language Arts Associates will work with English Language Arts teachers to differentiate lessons for students who are ready to master grade skills and to also effectively instruct those students who are still struggling to master prerequisite skills and standards for earlier grade levels.

Sample English Language Arts Content

- ◆ English Language Arts Common Core State Standards
- ◆ Essential English/language arts concepts for each grade level
- ◆ Reading comprehension throughout the grade levels
- ◆ Mastering specific writing genres
- ◆ Identifying rigor in English, reading and writing lessons
- ◆ Identifying barriers to student learning

- ◆ Helping teachers to pursue successful English/language arts achievement for every student.
- ◆ Effective approaches for engaging in “Courageous Conversation”
- ◆ Using statewide, district & school assessment data to formulate Closing the Achievement Gap Strategies
- ◆ Strategies for ensuring ELA proficiency on the High School Exit Exam

LEADERSHIP SUPPORT AND WALK THROUGHS

More than ever, principals are being called upon to exercise strong instructional leadership in schools. They are expected to coach, mentor and support teachers as they approach the difficult task of promoting high levels of student achievement in a standards-based, accountability-oriented environment. One of the most promising strategies for providing this leadership is the *Learning Walk* or *Walk Through*. The Walk Through is a frequent, brief and focused visit to classrooms for the purpose of observing, first hand, the instruction that is provided and the needs of staff and students in the school.”

The *Walk Through* is an important leadership tool for instructional improvement. By focusing on a specific aspect of instruction, school leaders or teams of teachers can identify topics for professional development or faculty support and mentoring.

Before observations, practical processes assist principals to develop an understanding of what to look for in effective lessons and how to assist teachers to prepare all students to gain a conceptual understanding of concepts and to exhibit mastery on state summative assessments.

FOCUS ON STUDENT ACHIEVEMENT

WHOLE STAFF MEETING (after state assessment results are received)

- ◆ Overview of the states summative assessment system
- ◆ Share a trend chart of schools data for the prior 5 years, if available to determine the school’s improvement trajectory.
- ◆ Present an overview of the school’s current data results
- ◆ Begin an initial review and disaggregation of grade level /department data in small groups (grade level, department or other).

GRADE LEVEL/DEPARTMENT MEETING:

- ◆ Review and analyze State Summative Assessment Data by grade level and subject
- ◆ Provide data results by teacher for the previous year

- ◆ Provide data results for teachers for their current students
- ◆ A grade level/department learning profile is constructed
- ◆ Teachers engage in discussion of what instructional strategies may or may not be working
- ◆ Barriers, instructional priorities and support strategies are identified for each content area

Following the first interim or benchmark assessment and prior to the grade level meetings:

- ◆ Individual teachers review and analyze interim assessment data for their own classes.
- ◆ Individual teachers also record their results and key points of the analysis to share at the next grade level/department meeting.

Next Grade Level/Department Meeting:

- ◆ Each teacher reports what they learned from the analysis of their students interim assessment data
- ◆ Teachers make instructional decisions for all students who are not on track to meet grade level standards

Meetings are held monthly to review assessment and to analyze the results of instructional support on the class and on focus students.

PACING GUIDES

A2Z Associates work with selected school/district staff in order review grade level content standards, and develop Pacing Guides for all grade levels in the following Core Content areas:

- ◆ English Language Arts
- ◆ Math
- ◆ History Social Science
- ◆ Science

A pacing guide is a written schedule/calendar displaying the sequence of content standards and skills related to a particular course and/or grade that must be taught during a defined period of time (semester, quarter, or year). Each subject area follows a logical sequence within a grade level and between grade levels. The pacing guides will include materials to be utilized and a schedule of when assessments will be administered. In contrast to curriculum maps, pacing guides are like timelines showing what each teaching team plans to cover over the course of a year.

To develop pacing guides for each grade-level core content area the following resources will be used:

- ◆ The expertise of subject-matter teachers
- ◆ Adopted materials for each grade level and content area
- ◆ Benchmark assessment schedule
- ◆ State summative assessment schedule
- ◆ The annual school calendar
- ◆ Any adopted curriculum documents

COACHES' ENGLISH/LANGUAGE ARTS INSTITUTE

Content Focused Coaching is a long-range professional development practice in which coaches work individually or with groups of classroom teachers to design, implement, and reflect on rigorous, standards-based lessons that promote student learning. Coaches play a pivotal role in helping teachers develop a repertoire of instructional strategies and broader content knowledge. Coaches also assist principals in their developing understanding of what to look for in effective mathematics lessons.

Northwest, in partnership with A2Z Educational Consultants, will implement a series of targeted initiatives to improve instruction during the 2013-2014 school year. IPS would like to move Northwest achievement forward with a plan to focus on:

- I. Targeted initiatives that focus on our student data that would include but are not limited to:
 - a. School-Wide Professional Development to Improve Instruction
 - b. Supplemental Professional Support to Develop the Depth of our Math and ELA Instruction
 - c. Introduce Academic Interventions for Students in Math and ELA
 - d. Deepen Building-Wide Leadership Capacity
 - e. Build a positive, friendly, and interactive relationship with our school community
 - i. Business Partners
 - ii. Parents
2. Add additional initiatives funded by the School Improvement Grant
 - a. Engage Students in Community Outreach Efforts
 - b. Revised Process for Early Identification and Intervention with At-Risk Students
 - c. Intentionally design extended learning opportunities for our students
 - d. Provide extensive professional development beyond the scope of the work
 - e. Recruit and Retain Highly Qualified and Effective Faculty and Staff

9. Comprehensive Instructional Reform Strategies—STUDENT DATA & DIFFERENTIATION OF INSTRUCTION

- Creation and training of Instructional Leadership Team (ILT for ongoing review and monitoring of assessment data)
- Creation of a formal process for identifying at-risk students. This would include a summer leadership work session that would include the disaggregation of test scores from NWCHS (and feeder schools) and identification of students possibly in need of intervention support;
- Identifying and creating interventions for all students, including enrollment in the literacy and math interventions provided during Extended Day and more structured intervention as part of the existing “Success Period” structure in the school.

10. Provide Operational Flexibility and Sustained Support—OPERATIONAL FLEXIBILITY

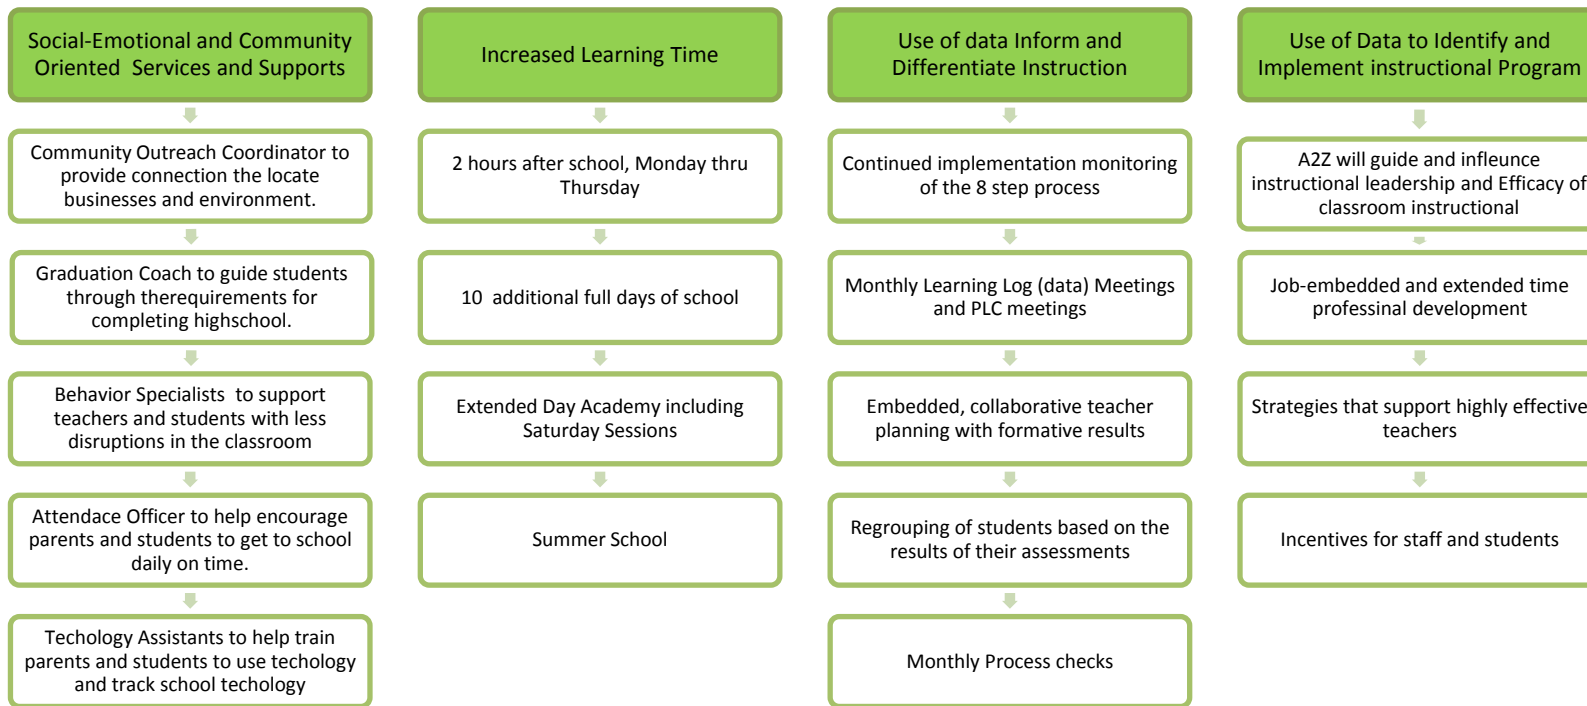

Operational flexibility, combined with greater accountability, has been granted to Northwest Community High School. Because of its priority status, this School Improvement Grant proposal will replace the mandated School Improvement Plan. Policies and practices mandated by the district may be waived and replaced with solutions designed specifically to assist Northwest Community High School students to achieve. Operational flexibility extends to selecting and removing faculty members unable, or unwilling, to promote student achievement. The building principal will have decision-making authority. The principal will utilize staff, within the confines of their certification, to best meet the academic needs of students.

11. Provide Operational Flexibility and Sustained Support—TECHNICAL ASSISTANCE & SUPPORT

Through the resources provided under the SIG grant, Indianapolis Public Schools (IPS) enters into a multi-year plan to turn around its persistently lowest-achieving schools. District leadership is committed to supporting each of the identified schools by removing district mandates and working with bargaining agents to remove any barriers to meeting the goals outlined in this proposal. Supporting these schools in this effort, Mrs. Yvonne Rambo is currently in her third year as the Director of Turnaround Schools. Mrs. Rambo guides and directs the Turnaround Office, which consists of one (1) content specialist and one (1) data specialist.

(2) Describe how the model will create teacher, principal, and student change.

NWHS will create building and community change by implementing a plan with two goals described below.

The Indianapolis Public Schools Curriculum and Instruction Division have implemented a series of targeted initiatives to improve instruction during the 2013-14 school year. The goals of the comprehensive professional learning plan are focused on the following areas:

- Implementing key literacy strategies across all content areas
- Analyzing and using data to inform instruction
- Implement differentiated instructional strategies
- Promote Student Engagement where teachers assume a less-directive, more of a facilitator role

- Developing lessons that are high quality and relevant, as well as challenging, attainable, and that develop skills that students can use effectively in the learning process.

Goal: Interventions for all students based on formative and summative assessments. A plan will be in place so that teachers will provide needed interventions in a given time frame after assessments. Designated people will be assigned the task.

- Disaggregate test scores of students to be placed in reading tiers based on SRI results.
- Scripted lesson plans for Success Periods
- Administrative Team will work more closely with Instructional Leadership Team to provide targeted interventions for students expeditiously (time frame set). The Leadership Team meets weekly.
- Work with social workers and parent liaison to provide parent workshops on how to support academic success for their child.

Goal: One to One Technology/Learning for Students: Provide grades 7-12 with computers on wheels to enhance learning and technology literacy. Teachers will receive training and professional development.

- Professional development relative to effective use of technology to maximize student achievement.
- Use technology to incorporate higher order thinking skills.

Key Action Steps

- Assign students to intervention based on need
- Train teachers to successfully implement interventions during extended learning time.
- Designate coaches to devise a plan for teachers to successfully implement interventions.

C. LEA Capacity to Implement the Intervention Model

➤**Instructions:** Consider each topic under the column “Capacity Task” and determine if the district has or will have the ability to complete this task. Select “yes” or “no.” List the evidence available and attach to the application for each task. (See Attachment A for scoring rubric).

Candidates may be pursued internally and externally through all avenues commonly used by other Indiana school districts, including advertising in the nationally-circulated <i>Education Week</i>.</p> <p>IPS responded to the recommendation made by the fall 2009 AdvancedED NCA Accreditation visitations team to have a <i>Leadership Succession Plan</i> for the superintendent, deputy and associate superintendents, assistant superintendents, and principals. Within that plan, the IPS Leadership Continuum includes three layers (progressive steps for leadership development):</p> <p>1. The <i>Leadership Identification and Development (LID) program</i>. Through a competitive process, this two-year program supports leadership growth of aspiring turnaround urban leaders. Our turnaround principal will identify future leaders (<i>exemplary teachers</i>) who will be released once per month (for the entire day) to engage in turnaround research, implementation and shadowing successful turnaround principals. Each month, half of the LID professional development day will be devoted group instruction, strategic planning, research about effective turnaround practices and discussion. The second half of the day will involve shadowing experiences, followed by group debriefing and reflection. Newly-identified turnaround principals are well-aware of LID cohort teachers and knowingly recruit exemplary participants from this cohort of aspiring leaders to serve in the SIG turnaround school as <i>Instructional Leadership Team</i> members (influencers).</p> <p>2. The <i>Principal/Leadership Academy</i> program provides searches to a monthly, hands-on session with new and aspiring principals. These monthly sessions support the leadership development of <i>current assistant principals</i>. Through the Academy, practicing principals and central office leaders support assistant principals as they work through a wide range of topics, such as: instructional supervision issues; data-management strategies; student engagement; student safety and crises management. Here, they also learn how to navigate IPS central office systems and meet and network with district operational leadership.</p>

		<p>3. The Principal/Leadership Practitioners program identifies two-to-four principals to shadow top district leaders, once a week, to gain practical experiences and receive leadership coaching and mentoring experiences. These individuals are hand-selected and fully-released from a specific school assignment for one year. They shadow exemplary principals (a different principal each semester) and serve as the substitute principal when the site principal out of the building for an extended period. They have access and opportunities to work closely with district leadership—including the superintendent.</p> <p>Externally, we are encouraged by the promising efforts of a recruiting project initiated last year. The district entered into a partnership with Teach for America Fellow Group and enlisted its first recruit into IPS leadership ranks (assistant principal) in August 2010. The recruit attended the New School Leader Academy at Columbia University, last fall, with a combined major study of MBA and Educational Leadership. She is now in her second year of the Columbia program and we are extremely pleased with this partnership and its potential for urban leadership development within our district. Based on our initial experience, this partnership is being expanded through negotiations with Teach for America. With shared funding between IPS and TFA, we hope to hire up to five more assistant principals.</p>

The Turnaround Director, Yvonne Rambo—selected as the 2010 National Middle School Distinguished Educator of the Year, was reassigned to this position. An experienced school leader, she fully understands the needs of high-poverty, low achieving schools and has demonstrated her effectiveness in turning around school performance. (Her resume is attached in this proposal). To support the everyday needs of the turnaround principal and staff, highly-effective district-funded Specialists have been assigned to the Turnaround Office, including: Special Education Specialist and E/LA Specialist. A Data Specialist is also assigned to work specifically in support of turnaround schools.</p> <p>The Turnaround Director and turnaround principals report directly to the Interim Superintendent, Dr. Peggy Hinckley. The turnaround director has the knowledge, determination and the authority to be responsive to issues that can impede success—particularly as they relate to personnel issues (hiring and firing of staff). They also play an integral and ongoing role monitoring the work provided by contracted External Partners.</p>

D. LEA Commitments (Actions) for All School Intervention/Improvement Models

➤ Instructions:

- 1) All districts, regardless of the school improvement model that will be implemented, are to complete the table below.
- 2) There are five required LEA commitments or actions that districts have already taken or *plan to take in school year 2013-2014*.
- 3) In the second column, provide a short description of how the commitment was completed or the district's plan to complete it.
- 4) For how the descriptions of commitments will be scored, see the scoring rubric in Attachment B.

Indicators of LEA Commitment	Description of how this commitment was or will be completed
<p>I. Design and implement school intervention model consistent with federal application requirements.</p> <p><i>The IDOE will assess the LEA's commitment to design and implement an appropriate intervention model and school improvement activities by requiring the LEA to document a process that may include, but will not be limited to:</i></p> <ol style="list-style-type: none"> (a) Assessing the completed SIG School Needs Assessment to identify the greatest needs; (b) Assessing the LEA and school's capacity (staff, resources, etc.) to implement specific interventions and school improvement activities; (c) Assessing the alignment of the LEA and school improvement processes for supporting the designed interventions; (d) Assessing other resources that will support the design and implementation efforts of 	<p>The Indianapolis Public Schools is committed to supporting Northwest Community High School throughout the implementation of the transformation model that will ensure that all students are provided a comprehensive opportunity to demonstrate academic success.</p> <p>Our district has analyzed the <u>student and school data</u>, <u>student leading indicators</u>, and the <u>self-assessment of practices for high performing schools</u> and agree that applying the proposed School Improvement Transformation Model will allow Northwest Community High School to successfully sustain a supportive learning environment after the SIG funding period ends as a result of capacity building.</p> <p>In the winter of 2012, Northwest Community High School implemented the 8-Step Process of utilizing individual student achievement data to enrich, maintain, or remediate students. Administrators were trained by the Turnaround Director and Instructional (Turnaround) Specialists. Faculty training took place during PLCs and multiple principal meetings. The collaborative practice of school improvement is an on-going initiative.</p> <p>IPS has given its priority schools organizational flexibility, and will continue that flexibility with the staff of Northwest Community High School. IPS has provided the right people to affect the transformation.</p> <p>Equipped with Predictive Benchmark Data, SRI reports, and data reports provided through the IPS data warehouse and Turnaround Team, NWCHS can sustain the effective use of data to plan instruction that will assist them in meeting their goals and allow IPS to closely monitor their success.</p>

<p>selected interventions;</p> <p>(e) Assessing the engagement of stakeholders (staff, parents, community, etc.) to provide input into the design and implementation process;</p> <p>(f) Assessing the scheduling of regular (at least biweekly) data meetings to identify school/ teacher/ student weaknesses and to adjust plans for supports to address those weaknesses;</p> <p>(g) Assessing the communication with selected provider(s) to plan Professional Development and support based on assessed needs (at least biweekly),</p> <p>(h) Maintaining accurate documentation of meetings and communications,</p> <p>(i) Following and/or revising schedules, goals, and timeline as needed, and</p> <p>(j) Submitting all data/forms to the IDOE and/or USDE in accordance to timeline.</p>	<p>Northwest Community High School will identify key leaders/teachers to become part of the Instructional Leadership Team (ILT).</p> <p>This will include the following key action steps.</p> <ul style="list-style-type: none"> Identify new leaders/teachers for a school-wide Instructional Leadership Team (ILT) for the 2013-2014 school year. This team will serve as a group of individuals who will receive additional training and support on instructional leadership skills. They will also serve as a steering committee and mechanism for feedback for the initiative as a whole. <p>Northwest Community High School is supported by the district standards-based formative/interim assessments, as well as Acuity Predictive Benchmarks and SRIs. During PLCs, faculty of NWCHS will analyze data to inform instruction, identify students in need of intervention, and assist in helping all students become self-directed learners.</p>

Indicators of LEA Commitment	Description of how this commitment was or will be completed
<p>(2) The LEA has or will recruit, screen, selects and support appropriate external providers. <i>The IDOE will assess the LEA's commitment to recruit, screen, and select external providers by requiring the LEA to document a process for assessing external provider quality which may include, but</i></p>	<p>NWCHS has successfully provided grade 9-12 students with Netbooks as part of an effort to introduce enhanced learning, technology literacy, and 21st century skills into classrooms. In 2013-2014, through SIG funding, NWCHS would like to extend this initiative to grades 7 and 8 and make sure teachers are provided with training, tools and resources to successfully leverage this investment in technology to enhance student learning.</p> <p>This initiative will include the following:</p> <ul style="list-style-type: none"> Providing grade 7 and 8 grade students with a digital devices

<p>will not be limited to:</p> <p>(a) Identifying external providers based on each school's SIG needs;</p> <p>(b) Interviewing and analyzing external providers to determine evidence-based effectiveness, experience, expertise, and documentation to assure quality and efficiency of each external provider based on each schools identified SIG needs;</p> <p>(c) Selecting an external provider based upon the provider's commitment of timely and effective implementation and the ability to meet school needs;</p> <p>(d) Aligning the selection with existing efficiency and capacity of LEA and school resources, specifically time and personnel;</p> <p>(e) Assessing the regular (at least biweekly) communication with the selected service provider(s) to ensure that supports are taking place and are adjusted according to the school's identified needs,</p> <p>(f) Assessing the utilization of multiple sources of data to evaluate the effectiveness of the supports provided (at least biweekly) and reporting the results to the IDOE.</p> <p>(g) Assessing the monitoring of records for quality and frequency of supports provided by the selected service provider(s),</p> <p>(h) Assessing the in-school presence (at least one day a week) to monitor the interactions of the school administration, faculty, and staff with the selected service provider(s) to</p>	<ul style="list-style-type: none"> • Provide two (2) computer carts with 30 computers each • Hiring a technology/one-to-one learning consultant to review NWCHS curriculum, make recommendations for how technology can be integrated, and give suggestions for specific tools and online programs the school should consider adopting to maximize student achievement • Incorporation of professional development about effective use of technology into the school wide "Professional Learning Plan". This may also include a focus on topics such as Brain-Based Learning and using technology to incorporate higher levels of Rigor and Relevance into instruction • Support for the school in providing technical assistance to ensure all devices, infrastructure, and networking are in sound working order on a daily basis • Meaningful involvement of students in the implementation of this initiative. <p>The IPS Director of Turnaround or members of the Turnaround Team will visit Northwest on a regular basis to personally assess their progress. Mrs. Rambo/or Team will examine the data and review summaries of data meetings that identify school/teacher/student weaknesses.</p> <p>A Project Manager will assist Northwest to submit all data/forms to IPS, IDOE, and/or USDE in accordance to timeline. Indicators of LEA Commitment	Description of how this commitment was or will be completed
<p>3. <i>Align other resources with the school improvement model.</i> (For examples of resources and how they might align, see Attachment C).</p>	

<p><i>The IDOE will assess the LEA's commitment to align other resources with the interventions by requiring the LEA to document a process which may include, but will not be limited to:</i></p> <ul style="list-style-type: none"> (a) Identifying resources currently being utilized in an academic support capacity; (b) Identifying additional and/or potential resources that may be utilized in an academic support capacity; (c) Assessing the alignment of other federal, state, and local resources based on evidence-based effectiveness and impact with the design of interventions; (d) Assessing the alignment of other federal, state, and local resources with the goals and timeline of the grant (e.g., fiscal, personnel, time allotments/scheduling, curriculum, instruction, technology resources/equipment); (e) Conducting regularly scheduled reviews of the resource alignment to ensure all areas are operating fully and effectively to meet the intended outcomes or making adjustments as necessary; (f) Redirecting resources that are not being used to support the school improvement process; and (g) Assessing the presence (minimum of one day per week the first year) in the school to monitor the implementation of the 	<p>IPS Academic Support</p> <p>Beginning with the 2013-2014 academic school year, all content teachers in the priority schools are accountable for: (a) using Instructional Calendars (pacing guides) to focus instruction on identified Indiana Academic Standards; (b) administering quarterly assessments (Predictive/Benchmarks); (c) using formative assessment results to adjust instruction and provide targeted interventions; and (d) participating in professional development trainings to increase instructional competencies and to effectively use data to inform classroom practices.</p> <ul style="list-style-type: none"> • Indiana Academic Standards will be taught and maintained (periodically revisited) using the Instructional Calendar (pacing) covering Instructional Cycles across the school year. • Within each cycle, identified standards will be taught with Benchmark assessments administered as per the IDOE window timeline. Five daily lessons prepare students for the Benchmark assessments. • Disaggregated results are back to teachers within 24 hours of the completion of the assessment by the students. Benchmark data results provide a guide for interventions and the interventionists. Teachers know which students missed which items, the most common reasons for missing test items, and what needs to be done to address non-mastered skills. • These predictive assessments gauge students' progress in mastering standards to be assessed on ISTEP+ and End of Course Assessments. • 8-Step Process: As part of the 8-Step Process, Learning Log (DATA) meetings will take place, led by the principal and school instructional teams to analyze Benchmark results, share effective practices, discuss strategies for addressing weaknesses, and re-group students for remediation and enrichment during Success Periods. <p>Each new Instructional Cycle introduces new indicators and reviews previously taught standards. IPS has changed the school calendar so that students attend in nine-week blocks that are followed by intersessions which will allow Northwest students to continue learning year round. Extended Learning opportunities through Intersession and Summer Session instruction will be provided in core academic subjects by certified teachers; instructional approaches will vary according to student needs.</p> <p>The Director or members of the Turnaround Team will be onsite at NWCHS regularly to monitor the progress of the transformation model.</p> <p>NWHS will create systematic building and community change by supporting our staff and students with the following resources:</p> <ul style="list-style-type: none"> ▪ Community Outreach Coordinator to provide connections to local businesses.

<p>4. Modify LEA practices and policies to enable the school to implement the intervention model fully and effectively.</p>	
<p>The IDOE will assess the LEA's commitment to modify its practices or policies, if necessary, to enable it to implement the interventions fully and effectively by requiring the LEA to document a process which may include, but will not be limited to:</p> <ul style="list-style-type: none"> (a) Identifying IDOE and/or LEA challenges that may slow or halt the school improvement implementation process; (b) Assessing, designing, and implementing a policy modification protocol that includes input that may include state and local education agency administrators, board members, and personnel; and (c) Developing an ongoing process to assess areas that may be considered for policy and process modification that include, but will not be limited to: <ul style="list-style-type: none"> (i) school administrator and staff hiring practices; (ii) school administrator and staff transfer procedures; (iii) school administrator and staff dismissal procedures; 	<p>Creation of the Director of Turnaround Schools</p> <p>The Turnaround Officer, Mrs. Yvonne Rambo also became the Director of Turnaround Schools in the Spring '11. Mrs. Yvonne Rambo signals the district's commitment to supporting the important work of this school improvement initiative. She created a team to assist in the work.</p> <p>While priority principals are charged with making significant achievement rate improvements, acceptance of SIG funding brings with it the obligation to do things differently and the additional flexibility—not available to other schools—to make it happen.</p> <p>Principals at SIG funded schools have increased flexibility—not available to other schools—that give priority principals the authority to remove ineffective teachers (across the school year) and the Turnaround Director will enable the responsive action needed to enact necessary changes.</p> <p>Throughout the SIG grant period, the Turnaround Director and her team will work closely with the Principal and the external providers to support identified leadership and instructional improvements needed to positively impact the work of priority schools to dramatically increase student achievement.</p> <p>Resumes are attached for Mrs. Yvonne Rambo and her team, Kathy Ducote and Patt Elff.</p> <p>New Evaluation and Documentation System: RISE</p> <p>Beginning in the 2012-2013 academic year, the Indianapolis Public Schools utilized the Indiana Department of Education's new model evaluation and development system, RISE. (Information from: www.riseindiana.org)</p> <p>The RISE model complies with Senate Enrolled Act I that evaluations must:</p> <ul style="list-style-type: none"> • Be annual: Every teacher, regardless of experience, deserves meaningful feedback on their performance on an annual basis. • Include Student Growth Data: Evaluations should be student-focused. First and foremost, an effective teacher helps students make academic progress. A thorough evaluation system includes multiple measures of teacher performance, and growth data must be one of the key measures. • Include Four Rating Categories: To retain our best teachers, we need a process that can truly differentiate our best educators and give them the recognition they deserve. If we want all teachers to perform at the highest level, we need to know which individuals are achieving the greatest success and give support to those who are new or struggling. <ul style="list-style-type: none"> • There are four summative rating levels in RISE. Highly Effective Effective Improvement Necessary Ineffective <p>Highly Effective: Consistently exceeds expectations for professional practice, student achievement, and professional contribution to the school corporation.</p> <p>Effective: Consistently meets expectations for professional practice, student achievement and professional contribution to the school or contribution.</p> <p>Improvement Necessary: Room for growth in professional practice, student achievement and professional contribution to school or corporation.</p> <p>Ineffective : Consistently fails to meet expectations for professional practice, student achievement and</p>

contribution to school or corporation.

Evaluators use the Teacher Effectiveness Rubric to rate a teacher at the end of the year using a four step process. The last two steps convert domain ratings to a final, overall Professional Practice rating.

Each of the three possible measures of student learning will receive 1 – 4 rating. Teachers fall into one of three groups for the purpose of calculating a summative rating. Each group uses a different weighting scheme. The weighted score determines the final rating.

Indiana Teacher Effectiveness Rubric: Overview

The primary portion of the Teacher Effectiveness Rubric consists of three domains and nineteen competencies.

Figure 2: Domains 1-3 and Competencies

Domain 1: Planning

- 1.1 Utilize Assessment Data to Plan
- 1.2 Set Ambitious and Measurable Achievement Goals
- 1.3 Develop Standards-Based Unit Plans and Assessments
- 1.4 Create Objective-Driven Lesson Plans and Assessments
- 1.5 Track Student Data and Analyze Progress

Domain 2: Instruction

- 2.1 Develop Student Understanding and Mastery of Lesson Objectives
- 2.2 Demonstrate and Clearly Communicate Content Knowledge to Students
- 2.3 Engage Students in Academic Content
- 2.4 Check for Understanding
- 2.5 Modify Instruction as Needed
- 2.6 Develop Higher Level of Understanding Through Rigorous Instruction and Work
- 2.7 Maximize Instructional Time
- 2.8 Create Classroom Culture of Respect and Collaboration
- 2.9 Set High Expectations for Academic Success

Domain 3: Leadership

- 3.1 Contribute to School Culture
- 3.2 Collaborate with Peers
- 3.3 Seek Professional Skills and Knowledge
- 3.4 Advocate for Student Success
- 3.5 Engage Families in Student Learning

In addition to these three primary domains, the Teacher Effectiveness Rubric contains a fourth dc referred to as Core Professionalism, which reflects the non-negotiable aspects of a teacher's job.

	<ul style="list-style-type: none"> • A monthly report on the status of existing teachers' effectiveness will allow HR and the Turnaround Officer/ Director to make teacher removal decisions in one or two weeks. • Turnaround/Transformation principals will have the authority to remove ineffective teachers throughout the school year (unlike authority in non- SIG high schools) The Turnaround Officer will work with turnaround/transformational principals to enable responsive action, as needed. • The Turnaround Officer/ Director, Mrs. Rambo, has given all turnaround/transformation principals the authority to select (not be assigned) their SIG-funded, full-time <ul style="list-style-type: none"> • Interventionist teachers (these teachers instruct classes, while teachers participate in job-embedded professional development and conduct remediation). • The principal has been given responsibility to hire staff for all positions. • A three-member district administrative evaluation team collects teacher effectiveness data for the Turnaround Officer. Across the school year, turnaround/ transformational principals will be authorized to initiate this process to collaborate further, as needed, with the district evaluation team. If necessary, unsatisfactory staff can be removed from NWCHS within two weeks. • The Director of Turnaround Schools will personally meet with HR staff to take actions needed for making any necessary staff changes, by-passing the traditional protocols in place for non-turnaround schools. • The transformational principal and the Director of Turnaround Schools will develop and implement a recruitment initiative, sufficiently-enticing to attract and retain highly-qualified instructional staff into the turnaround school. • Monthly Process Checks between the Director of Turnaround Schools and the Principal will facilitate intentional progress (formative evaluation) checks to help us determine adjustments needed in turnaround/transformational leadership, teachers' capacity to impact student impact, and the accountability of critical central office divisions.

5. Sustain the model after the funding period ends.	
<p>The IDOE will assess the LEA's commitment to sustain the reforms after the funding period ends by requiring the LEA to document a process that may include, but will not be limited to:</p> <ul style="list-style-type: none"> (a) Developing school improvement planning processes that support sustainability of education reform protocol; (b) Developing processes to assure effective training of school leadership staff to ensure the understanding and efficient implementation of interventions into operating flexibility of the school; (c) Developing processes to assure effective training of school staff to ensure the understanding and efficient implementation of interventions into the classroom curriculum and 	<p>The Director of Turnaround Schools will sustain reform efforts, minimally, at four levels:</p> <p>(a) Findings from IDOE monitoring site visits, Spotlight Reports, Quality Reviews, School Portfolio, and ongoing collaborative work with our External Provider will be reviewed by the Director of Turnaround Schools and the turnaround/transformation principal.</p> <p>Together, they will determine a timeline for making necessary adjustments—or taking corrective actions. As needed, the Director of Turnaround Schools will support the turnaround/transformation principal by eliminating barriers that interfere with the efficient and effective implementation of the model. Simultaneously, the principal of NWCHS will be held accountable for maintaining fidelity to the model as described in this proposal.</p> <p>(b) To keep key leadership apprised of turnaround/transformation school progress and to solicit their input and continuous support, data findings will be:</p> <ul style="list-style-type: none"> • Reported to the Associate Superintendent and Superintendent • shared at weekly superintendent's cabinet meetings • periodically updated in the superintendent's Weekly School Board Notes • reported quarterly to the School Board Education Committee <p>(c) Data findings will drive on-going programmatic and personnel adjustments over the three-year SIG grant funding period to continuously improve strategies, adjust instructional and intervention practices, and significantly increase student achievement</p> <p>(d) Findings from Phase I & II turnaround schools will offer subsequent priority schools with invaluable "lessons learned," as the next round of</p>

activities;	priority schools use their own data to identify critical needs and determine innovative and effective strategies for significantly increasing student achievement and graduation rates.
(d) Identifying alternative funding sources to sustain operational protocol that may require financial support;	In addition, monthly process checks with the Director of Turnaround Schools, Mrs. Rambo, and NWCHS will keep all apprised of implementation results.
(e) Identifying meaningful professional development for school leadership and staff that support short-term and long-term initiatives of educational improvement;	Evaluation results of activities funded through SIG grant awards will be used to inform decisions regarding continued funding. Assuming that key initiatives are beneficial and have significantly contributed to dramatically-increased achievement, other local, state and federal resources will be repurposed to sustain effective SIG grant initiatives.
(f) Demonstrating a commitment to the continuous development of teacher knowledge and skills to incorporate changes into their instruction as evidenced by an extensive action plan;	Each aspect of the implementation process and the system of supports contained in the proposal is designed to develop capacity for sustained improvement at NWCHS. As indicated in the alignment of resources below, a plan to sustain reforms is in place. Professional Development (training provided by our external provider) ~ Internal capacity at NWCHS will be built to locally provide and sustain training needs: Title 2A

With an established model for conducting ongoing monitoring and using formative assessment, administrative staff will assume this role.</p>

4. Implementation of Specific Intervention Models: Turnaround, Transformational, Restart, Closure

➤ **Instructions:**

- 1) Scroll down to the intervention model that the school will be using. Complete the information for that model only.
- 2) Using the tables provided, develop a timeline for each element of the selected model listed in the first column. In the second column include the steps or tasks the district will complete to fulfill the requirements of the element. Also, list the lead person and when the task will occur (names of months are sufficient).
- 3) **Complete the table for only the model that the school will implement.**
- 4) If the improvement model will not be implemented, check “We will not implement this model.”
- 5) For how the descriptions will be scored, see the Intervention Models scoring rubric (Attachment F).

Turnaround Model

☐ We will implement this model. ☒ We will not implement this model - move to next model.

Transformation Model

☒ We will implement this model. ☐ We will not implement this model – move to next model.

If implementing the transformation model, complete the table below.

Elements	Tasks	Lead Person/ Position	Time Period (month)

➤ If implementing the transformation model, explain how the recruitment and selection of a new principal will take place.

The transformation principal for Northwest Community High School (7-12), Mrs. Phyllis Barnes, was selected by the superintendent based on her instructional leadership and excellence in the area of instructional supervision and evaluation. Mrs. Barnes has been a secondary administrator for 20 years and has earned recognition for her ability to observe instruction and accurately determine the level of proficiency of the teacher and to have the courage to facilitate the instructional conversation in order to move their instruction to a level that has increased student achievement. Mrs. Barnes has demonstrated in each of her administrative assignments the ability to develop teacher leaders and to bring educators and community together to improve the instructional opportunities for the students of her school.

Pre-Implementation

Describe proposed activities to be carried out during the pre-implementation period, including a proposed budget.

Action: Building support for change within the building.

Identify key teachers to form an instructional leadership team. Conduct a summer learning institute for teachers to develop cohesive collegial relationships and create curriculum relative to student data in math and English. Identify strengths and weaknesses from the teacher point of view. Support teacher ideas that will push our staff and students to reach for their goals. Assign lead teachers to each content area. Have lead teachers work with student body to identify strengths and weaknesses from the student point of view then merge the two points of view. Have leadership team and student body team form actions plans with monthly goals and competitions between grade levels to motivate change in a positive direction based on class, team, and school data.

II: Budget

Instructions:

- 1) Complete the budget pages provided in the attached Excel file for the three years (see copies in Attachment C). Electronically select each “tab” for years 2013-2014, 2014-2015, and 2015-2016.
- 2) Indicate the amount of school improvement funds the school will use for each year of the grant period to implement the selected model in the school it commits to serve.

3) The total amount of funding per year must total *no less than \$50,000 and no greater than \$2,000,000* per year.

Note: The LEA’s budget must cover the period of availability, including any extension wanted through a waiver, and be of sufficient size and scope to implement the selected school improvement model in the school(s) the LEA commits to serve. It would be permissible to include LEA-level activities designed to support implementation of the selected school improvement model in the LEA’s school.

- 4) Describe how the LEA will align federal, state, and local funding sources with grant activities. (See Attachment D for suggestions)

Superintendent Glenda Ritz
Superintendent of Public Instruction
Indiana Department of Education
115 W. Washington Street
South Tower, Suite 600
Indianapolis, Indiana 46204

Dear Superintendent Ritz:

As Interim Superintendent of the Indianapolis Public Schools, it is my pleasure to write this letter supporting the important work of the School Improvement Grant Initiative, under Section 1003(g) of Title I. Through the resources provided under Section 1003(g) of Title I, the district will begin Phase I of a multi-year plan to "transform" Northwest Community High School (identified by the Indiana Department of Education as a priority school).

The support Northwest Community High School will receive from the funding of Phase I of the School Improvement Grant Initiative will enable the school to implement cutting edge, research-based educational initiatives (Transformation Model). These initiatives will help improve teacher pedagogy and increase student achievement.

Superintendent Ritz, the members of the Board of School Commissioners and I are committed to continuously supporting all aspects of the Transformation Model at Northwest Community High School. I wholeheartedly support the following elements that will be in place for Phase I of the Grant.

- The recently created district Turnaround Office will support the efforts of Northwest Community High School to substantially improve classroom instruction and dramatically increase student achievement.
- Data will be used to drive decision-making, e.g., to inform curriculum and instructional practice and the delivery of differentiated supports for students.
- Schedules will be established and strategies used to provide increased learning time.
- Appropriate social-emotional and community-oriented services will support teachers and students.
- The principal has recently been replaced.
- Operational flexibility will be provided to the principal for hiring, retaining, transferring and replacing staff. The principal will have the authority to remove ineffective teachers throughout the school year and the district's Turnaround Director will enable responsive action, as needed.

The Indianapolis Public Schools district supports the implementation of Phase I of the School Improvement Grant Initiative at Northwest Community High School. We are grateful to have this opportunity.

Sincerely,

Peggy Hinckley, Ed.D.

Dear Superintendent Ritz:

As President of the Board of School Commissioners for the City of Indianapolis, it is my pleasure to write this letter supporting the important work of the School Improvement Grant Initiative, under Section 1003(g) of Title I. Through the resources provided under Section 1003(g) of Title I, the district will begin Phase I of a multi-year plan to "transform" IPS Northwest Community High School (identified by the Indiana Department of Education as a priority school).

The support Northwest will receive from the funding of Phase I of the School Improvement Grant Initiative will enable the school to implement cutting edge, research-based educational initiatives (Transformation Model). These initiatives will help improve teacher pedagogy and increase student achievement.

Superintendent Ritz, my fellow Commissioners and I are committed to continuously supporting all aspects of the Transformation Model at Northwest Community High School. IPS welcomed new board members in the middle of the 2012-13 school year. The vision of the new board is more autonomy in the schools. Therefore, moving forward in the 2013-2014 school year, Northwest will have operational flexibility for the new principal in hiring, retaining, transferring and replacing staff. The principal will also have the authority to remove ineffective teachers throughout the school year and the district's Turnaround Director will enable responsive action, as needed.

The Indianapolis Public Schools district supports the implementation of Phase I of the School Improvement Grant Initiative at IPS Northwest Community High School. We are grateful to have this opportunity.

Sincerely,

Diane Arnold, President
Board of School Commissioners

To whom it may concern:

The Indianapolis Education Association (IEA) in collaboration with the Indianapolis Public Schools (IPS) will work in developing the School Improvement Grant (1003g). We are committed to eliminating barriers for the implementation of the model, with the understanding that nothing in this grant will violate or affect our Master Agreement with IPS and/or state/federal statutes. We further understand that the IEA will be notified for discussion and collaboration on any changes that affect teacher evaluations, financial incentives for all content areas, hiring and dismissal procedures and the length of the school day.

Respectfully submitted,

Ann Wilkins, President IEA
